Brickwork

NSPP offers a number of nationally recognised brickwork qualifications aimed at ensuring students are competent in their trade and highly employable.

Courses:

› Level 2 Diploma in Brickwork

Aimed at those not yet working in construction but may have previous experience or knowledge. The course includes a practical assessment to test the application of building methods and construction technology.

› NVQ Level 2 Trowel Occupations (Brickwork)

This qualification is based solely on site in the chosen trade area. You will produce an NVQ portfolio based on the work you complete whilst in employment.

Some of the units you will complete are;

- Conforming to General Safety in the Workplace
- Conforming to Efficient Working Practices in the Workplace
- Moving and Handling Resources in the Workplace
- Erecting Masonry Structures in the Workplace

› NVQ Level 3 Trowel Occupations (Brickwork)

A Level 3 qualification involves complex skills and can be used a pathway to assessing, supervisory and management positions.

Some of the units that you will complete are:

- Confirm the occupational method of work
- Set out complex masonry structures
- Repair and maintain masonry structures
- Place and finish non-specialist concrete
