# Plastering

NSPP offers nationally recognised plastering qualifications aimed at ensuring our students have the skills and knowledge to build a successful career within the construction sector.

## Courses:

### ➤ Level 2 Diploma in Plastering

Designed for those not currently in work but who are committed to a career in plastering, this theoretical and practical course will develop your plastering skills and is the minimum standard required to obtain work on a UK construction site.

### ➤ NVQ Level 2 Plastering

For students already working in (or planning to work in) the plastering profession. This qualification is based solely on the work you do on site with examples forming the basis of your portfolio.

#### Some of the units you will complete are:

- Moving, handling and storing resources
- Producing internal solid plastering finishes
- Producing external solid render finishes
- Installing direct bond dry linings

### ➤ NVQ Level 3 Plastering

A Level 3 qualification involves complex skills and can be used as a pathway to assessing, supervisory and management positions.

#### Some of the units that you will complete are:

- Conserving, restoring or repairing fibrous plaster work
- Working on conservation and restoration projects
- Confirming the occupational method of working
